^ I acknowledge that I have read and accepted the terms and conditions as numbered below. I authorize my credit/debit card for the above payment

TERMS AND CONDITIONS

- To claim a MARPA member discount, the participant's company must be a member in good standing through the 2021-2022 year; discounts apply for companies that renew their membership and register early! MARPA must receive your registration and company's dues payment for the 2021-2022 dues year in full by the deadline shown in order to qualify for the Members' discounted rate shown.
- The first attendee from a member company pays full price, and any subsequent attendees from that member company benefit from an additional discount (based on the date MARPA receives each registration).
- Complimentary Airline registration applies to any employee that is involved in purchasing, analyzing, reviewing, installing or receiving aircraft parts for an air carrier holding FAA certificate under Part 121, 135, or 129 (comparable authority applies to non-US air carriers). All complimentary airline attendees must be MARPA members; complimentary membership is applied as carriers register for the event.
- Complimentary Government registration applies to any government employee that is involved in purchasing, analyzing, reviewing, installing or receiving aircraft parts, or that sets or enforces policy related to PMA parts (including employees of non-US governments).
- CANCELLATION POLICY:** There will be no refunds for Conference Registrations. If a paid registrant cannot attend the 2020 MARPA Conference, a substitute may attend the same conference if advance notice is provided to MARPA.
- Submission of this form acknowledges that you have read and accepted the MARPA Privacy Policy (rev. 1), and that this Policy applies to the information provided. The Policy can be found at: <http://pmaparts.org/who/MARPAPrivacyPolicy.pdf>
